JEREMIAH 29:13

VIJAY KRISHNAN

Vijay Krishnan is the Lead Pastor of The Well in Vaughan, Ontario. He and his wife Jennifer were part of the group who planted The Well in 2005. In 2009, he left his career in business to join the pastoral staff.

Growing up as a pastor's kid, the church was a part of Vijay's life from the beginning. However, during his university years and corporate work experience, he discovered that for many people, the church was an obstruction, not a pathway, to finding God. He resolved that if he ever had a chance to be a part of a church community that was able to authentically (though not perfectly) introduce people to Jesus, he would jump in with both feet.

SESSION ONE QUESTIONS

- What are some distractions in your life that might keep you from having a whole heart after God?
- How do we resist those distractions?
- How do we take steps towards having a whole heart towards God?
- Who are some people in your life who need to hear the good news of Jesus? Take some time to pray for these friends.

MADI PREWETT TROUTT

Madison earned her Bachelor of Science in Communications from Auburn University in 2018 and earned her certificate in ministry in Pastoral Leadership through Highlands College in 2018.

Madison started her career working as a Foster Parent Recruiter in Birmingham, Alabama in 2019, where she recruited and trained Foster Parents in the Foster Care System.

In 2020, Madison was a finalist on Season 24 of ABC's The Bachelor. After making it to the very end with the bachelor, they both agreed to go their separate ways a few days after the show ended. Madison has been involved in many outreach programs, including: Adullam House, Sozo Children, Orphanage Emmanuel, Haddie's Home, Big House Foundation, LA Dream Center and Auburn Dream Center.

Madison describes herself as extroverted, passionate, and strong. She thrives most when she is being challenged by others and when she is also able to challenge those around her. She is a TV personality and travels nationally as a speaker and an author with a growing platform as a social media influencer.

SESSION TWO QUESTIONS

- Think about yourself at 8 years old. What were you doing then?
- God's word is powerful. It doesn't matter if you're young or you're old – you can share God's word because it's the truth. When's a time you've experienced this to be true?
- God is not limited by our upbringing. King Josiah decided to break free of the generational cycle of evil in his family lineage. Have you faced the same kind of choice within your family of origin, or perhaps with the friends you currently have? How can you choose to follow God despite what your upbringing might have been? (If anyone is facing something significant, perhaps take a few moments to pray and ask God's Spirit to bring healing and to break any chains that need to be broken.)
- What are some of the "high places" in your life that you need to get rid of?
- Madi talked about how some of them might be distractions, divisions, and destroyers. Distractions are anything that distract us from Jesus – like Netflix, or social media; divisions are anything in our heart that can divide us – like selfishness or pride; and destroyers are things in the world that keep us from God – like chasing after money, fame, or followers. Which do you struggle with most: distractions, divisions, or destroyers? How might you choose to love Jesus wholeheartedly above those things?

LECRAE

Before the Grammys, before releasing the #1 Album in the country (Anomaly, 2014), Lecrae dropped arguably the most seminal project in his catalog, Church Clothes. XXL said, “It’s impressive how he’s able to deliver a message without being preachy”, calling Church Clothes “a prime example of the reach of hip-hop music and culture.” The people spoke even louder downloading the project 100,000 times in 48 hours. People rocked with the mixtape because it was the first time someone planted their feet simultaneously in the streets and the Church without compromising.

10 years and two more entries later (CC2, and CC3), it becomes crystal clear that while Lecrae didn’t start Christian Hip-Hop (CHH), it’s his lane. In the 10 years since Church Clothes originally dropped no one has been able to keep a consistent focus on sincere Christianity and authentic Hip-Hop representation while enjoying the heights and enduring the lows like Crae.

On Church Clothes 4, the mission remains the same for rapper, CEO, New York Times Best-Selling author, investor, and activist: To represent faith and Hip-Hop with an Unashamed edge that challenges the Church to live up to its potential and encourages the Culture to reconcile with its Savior. In this entry, Lecrae gives his listeners an opportunity to see what it looks like to reconstruct a vision of faith despite the large-scale shift toward mistrust and disillusionment with Christianity in the wake of America’s racial tensions.
