

CHANGE CONF NATIONAL ONLINE PRE-PARTY

Use the half hour before Change Conference National Online begins to set the vibe for an incredible night!

Here are some suggestions:

- Use a live DJ or use our [Change Conference playlist](#) as your students enter
- Create your own SWAG for your students — purchase glow sticks and balloons from the dollar store. Order Change Conf stickers (design and instructions [here](#).)
- Print out our Truth Cards (download them [here](#)) to hand out as students leave
- Make your youth room match the vibe of the event — turn off all of the lights and only have LED lights on
- FOOD! Nothing makes an event better than amazing food. (Some ideas include: poutine bar, popcorn bar, candy bar)
- Have different stations ready for your students to participate in before the event begins (video game section, games section, karaoke)
- PRIZES! Purchase some gift cards, candy, etc to give away to students during the event
- Use our Discussion Questions (download them [here](#)) for small group time either after the event ends or as your material for youth group the following week

Notes:

The stream opens up at 6:45pm

Event begins at exactly 7pm (no matter what time zone)

The run time total is approximately an hour and a half
